PROFESSIONAL SUMMARY

Architect and 3D visualization artist with professional experience since 2019 across residential, commercial, interior, and landscape design. Experienced in architectural concept development, facade design, 3D modeling, photorealistic rendering, and visual presentations for projects in Saudi Arabia and the UAE. Proficient in Autodesk 3ds Max, V-Ray, Corona Renderer, AutoCAD, Revit, D5 Render, and Adobe Photoshop. Also experienced in delivering 3ds Max instruction through professional training academies.

CORE COMPETENCIES

Architectural Design • Exterior & Facade Design • Interior Design • Architectural Visualization • 3D Modeling • Photorealistic Rendering • Residential Architecture • Commercial Architecture • Landscape Design • Materials & Lighting • Design Presentation • BIM Fundamentals

PROFESSIONAL EXPERIENCE

Architect / 3D Artist | Orchid Consultant | Jan 2024 – Present

- Architectural design and visualization role covering design presentation and 3D imagery.
- Apply architectural modeling, material development, lighting, and rendering skills to communicate proposed design concepts.

3ds Max Instructor | Arcplan Academy | Jan 2025 – Present

- Provide instruction in Autodesk 3ds Max, supporting learners in 3D modeling and architectural visualization workflows.

Freelance Architect | Independent Practice | Jun 2019 – Present

- Develop architectural and interior design concepts and visualization presentations for residential and commercial project types.
- Portfolio includes modern and neoclassical villas, residential buildings, commercial facades, interiors, and landscape environments.

3ds Max Instructor | Kayan Academy | Jun 2022 – Nov 2023

- Delivered 3ds Max instruction with an emphasis on 3D modeling and visualization techniques.

Architect / 3D Artist | Future Vision Co. | Mar 2021 – Jun 2022

- Worked in an architecture and 3D artist role supporting architectural design and visual communication.

SELECTED ARCHITECTURAL PROJECTS

- Modern Villa and Neo Classic Villa | Riyadh, Saudi Arabia — Residential facade concepts presented through daylight and evening architectural visualizations.
- Administrative Tower | Riyadh, Saudi Arabia — High-rise facade presentation emphasizing vertical fins, glazing, and building massing.
- Al Qatif Mall | Al Qatif, Saudi Arabia — Retail architecture featuring arched entrances and patterned facade treatments.
- Liwan Najd | Commercial Architecture — Commercial frontage design featuring curved glazing, canopy forms, and integrated signage.
- Office & Meeting Room | Interior Design — Workplace interior visualization and joinery design-development presentations.
- Rest House Landscape | Landscape Design — Outdoor environments incorporating courtyards, planting, terraces, and leisure areas.

TECHNICAL SKILLS

3D & Rendering: Autodesk 3ds Max, V-Ray, Corona Renderer, D5 Render, Lumion, Blender

Architecture & CAD: AutoCAD, Autodesk Revit

Graphics: Adobe Photoshop

EDUCATION

Bachelor’s Degree in Architecture Engineering | 2016 – 2020

CERTIFICATIONS

3ds Max — A+ | Arab Academy for Science and Maritime Transport

BIM — A+ | Kayan Academy
